

# Health Career Explorers

2018—2019

“Dedicated to providing real-world health career experiences since 2003”

## What is Health Career Exploring?

- A competitive program for high school sophomores, juniors and seniors who want to learn about health careers at St. Elizabeth Hospital; by observing the workplace, performing hands-on activities, and talking with health practitioners
- Explorers meet one weeknight a month October thru March at one of the St. Elizabeth locations from 5:30-7:30 pm (students are assigned to either a Wed or Thur night)
- Students will learn about interdisciplinary care through medical scenarios, patient simulators and health professionals' personal stories
- Students will perform activities such as manipulating laparoscopic and robotic instruments, practicing therapy techniques, performing lab tests and ER simulation
- Cost is \$20 and up-to-date medical forms are required
